Please try to send the best possible picture - a sharper picture will ensure a higher quality reproduction than a smaller or blurred image. Once we have received your order and image, we will contact you for payment details and to confirm the order. Your print will be dispatched to you within 14 days. You can also pick-up as and when the canvas is ready. Cash, cheque or any major credit or debit card accepted.

Finishing of your canvas

When ordering your canvas please let us know how you would like it framing. We can wrap the image around the sides or only print the image on the front face of the canvas with the sides white. Please note not all images are suitable to be wrapped around, if you are unsure our team of designers will decide the best possible option.
